MAX COOLING KITS

**Do the job once,
do the job right!**

One SKU not only restores cooling power, it can also **BOOST SALES** and improve customer relations

By providing a kit that replaces both fan clutch and water pump you reduce the need for upsells and returns because of premature failure of a new part. This not only helps save time and labor it also builds trust between distributors, installers and customers.

Kits include all gaskets and applicable hardware for both components.
